HAWAIIAN HOME LANDS

Faster Internet on Hawaiian Home Lands

Have You Heard?

In November 2024, DHHL received **$72 million** from the federal government to improve internet speeds on Hawaiian home lands and to increase digital literacy within our community.

What Can You Expect?

- **High-Speed Internet:** Faster, more reliable internet for homesteads that don't have good connections.
- **Training:** Online and in-person training to learn job skills and improve internet skills.
- **Community Centers:** DHHL plans to build new community centers on Maui, Hawai'i Island and Kaua'i that will offer free internet access and in-person training programs.

When?

These projects are in the planning process and will take two to six years to complete.

Who is Eligible?

- People who live on Hawaiian home lands (DHHL lessees).
- DHHL will share additional information as services and programs launch statewide.
